## **FEDERAL, PROVINCIAL AND MUNICIPAL FUNDING FOR WATER AND WASTEWATER INFRASTRUCTURE IN SASKATCHEWAN**

Ralph Goodale, Minister of Public Safety and Emergency Preparedness, Government Relations Minister Jim Reiter, along with representatives from several municipalities, today announced funding for water and wastewater infrastructure projects in eight Saskatchewan communities.

Having access to clean, reliable drinking water is critical to the health and prosperity of Canadian communities and for attracting economic opportunities for the middle class and those trying to join it. And by ensuring that water and wastewater systems are modern, efficient and meet the capacity needs of our communities, we are safeguarding the well-being of residents, protecting our waterways and preserving our ecosystems.

“These important investments in water and wastewater systems will ensure that thousands of Saskatchewan residents will have access to safe and reliable drinking water, as well as effective wastewater treatment services that protect the local environment and keep our communities healthy and livable. Modern infrastructure that meets the needs of our communities is key to ensuring that Canada will remain the best place in the world to live, work and raise a family,” said Goodale

“Our government is proud to partner with the Federal Government and the communities of Beauval, Creighton, Dore Lake, Ile a la Crosse, La Loche, Lanigan, Lumsden and Pinehouse on these important infrastructure projects,” Reiter said. “Today’s announcement is an investment in the quality of life for Saskatchewan families and communities.”

## **SASKATOON 3RD BEST CITY FOR BUSINESS!**

*According to Canadian Business and PROFIT*

When it comes to choosing the best places for business in Canada, our fine city of Saskatoon has been named the 3rd best city for business in Canada. The magazines "Canada Business" and "Profit" have released their ranking report for 2016.

Economy Minister Bill Boyd says the entire province is attractive to businesses and families for many reasons from low taxes, to cost of living and lifestyle. President and CEO of the Saskatoon Regional Economic Development Authority credits Saskatoon's mix of economic diversity, low business costs, and high-quality of life for the high ranking. Saskatoon ranked 4th on the list for Canada's Most Lucrative Markets for Business. That ranking is based on such things as size, growth, household income, and education levels.

Please take the time to click [here](#) to read why Saskatoon was chosen. It is a very interesting article and makes us proud of our city!
